SPOT YOUR CLIENTS

**EVEN WHEN THEY'RE
NOT AT THE GYM**

You know why your clients are at your gym at 7 a.m. every morning.

They want to look good, feel good and take care of their health –
all before they even get to their jobs.

Why not give them a little help?

The Gourmet Getaway Lunch Tote keeps food hot or cold for up to 4 hours. It's great for the client who brings her food to work so she can keep track of calories, or the one who's bringing his lunch because he's just gone vegan. And with your gym's logo on it, it reminds them of where they need to be at 7 a.m. for their daily endorphin rush.
